Juan (June) Avina

Junior Web Developer

Carrollton, TX 75007 *(open to remote)* | juneavina.dev@gmail.com | 323-345-7710
www.linkedin.com/in/june-avina | github.com/Juneavina

Detail-oriented and motivated individual excited to bring skills and experience in HTML, CSS, Javascript, React.js, Node.js, Express.js, and MongoDB to the table as a junior web developer. Highly skilled in problem-solving, research, and attention to detail, which allows continuous improvement and optimization of work.

SKILLS

Technical Skills: HTML, CSS, Javascript, React.js, Node.js, Express.js, MongoDB, Bootstrap

Marketable Skills: Leadership, Creative, Persistent, Collaborative, Problem Solving, Public Speaking, Goal Setting

EDUCATION

Kenzie Academy from Southern New Hampshire University   **Indianapolis, IN (remote)**
Kenzie Academy Full Stack Web Development Certificate (MERN)   Expected: January 2023
- Completed hands on, project based training course in full stack web development using the MERN (MongoDB, Express.js, React.js, Node.js) stack
- Resulting in experience gained through consistent use of skills in the MERN stack and a Kenzie Academy Full Stack Web Development Certificate.

TECHNICAL PROJECT HIGHLIGHTS

Pawsitivity | Web Developer/Quality Assurance Tester | *MongoDB, Express, React, Node*   January 2023
github.com/GiuliaCasteluci/pawsitivity | Pawsitivity Website
- Developed a full-stack web application using React and Node.js that made pet adoption simple through user to user communication instead of traditional methods
- Utilized the Axios library to handle HTTP requests to the backend API, allowing users to effortlessly create, update, and delete their pet's profile, creating a smooth user experience
- Stored the pet data in MongoDB for easy access and management
- Implemented CRUD functionality for creating, reading, updating, and deleting pets in the database
- Incorporated Bootstrap for styling and responsive layout
- Used Express Upload for file uploading and storage of pet images
- Learned how to work with MongoDB to store and retrieve data
- Improved problem-solving abilities and honed team collaboration skills while working with a team of 3 other individuals on a complex project

Connect Four | Web Developer | *HTML, CSS, Javascript*   June 2022
Github Repo - Connect Four
- Developed a Connect Four game using JavaScript and HTML/CSS
- Implemented a game board model to track disc drops and check for winning conditions
- Utilized event listeners and click handlers to allow players to take turns dropping discs
- Incorporated logic to check for tie and win conditions, and display appropriate messages to the user
- Employed a combination of for loops and conditional statements to check for winning conditions in all four directions (horizontal, vertical, diagonal left, and diagonal right)
- Experience in working with DOM manipulation and events
- Applied clear and structured code with comments and clear variable names to make it easy to understand and maintain
- Put to use best practices for code organization and separation of concerns.

WORK EXPERIENCE

Uber/Lyft   **Los Angeles, CA**
Driver   January 2022 - Present
- Utilize excellent communication skills, including public speaking, to effectively engage with passengers and ensure an enjoyable ride resulting in a 5-star service rating
- Illustrated a high level of responsibility, reliability and friendliness by transporting passengers to destinations earning positive feedback from passengers for safe driving practices and promptness
- Showcase attention to detail and persistence through consistent maintenance of a clean and well-maintained vehicle, highlighting ability to prioritize and adhere to high standards

Legal Excel Network   **Los Angeles, CA**
Registered Process Server   January 2016 - Present
- Demonstrated strong organizational and time management skills by successfully delivering official court and legal documents to all involved, showcasing ability to work under pressure and adapt to changing circumstances
- Exhibited a high level of reliability, and responsibility in ensuring timely and accurate delivery of all documents, showcasing my ability to prioritize and adhere to strict deadlines
- Displayed critical thinking skills by thoroughly verifying all documents were correct and complete for court cases and trials, resulting in accurate and timely legal proceedings

Alpine Vapor   **Pasadena, CA**
Vape Chemist   October 2016 - April 2019
- Showed leadership skills by effectively managing inventory and ensuring that all necessary materials were readily available by maintaining accurate records of our flavors and proactively requesting more when running low. This highlights my ability to prioritize and manage resources, a skill that is essential for leading teams and ensuring the success of a project
- Attested creativity and innovation by researching, developing and introducing new flavors to our menu, expanding our product offerings and contributing to the overall growth and success of the business
- Exemplified strong organizational skills and attention to detail by consistently creating and maintaining inventory of popular products, ensuring they were always in stock and readily available for customers, effectively managing supply and demand and contributing to the success of the business.

VOLUNTEER EXPERIENCE

Boxing Coach   **La Puente, CA**
                                                                                   January 2022 - Present
- Modeled strong goal setting skills by developing and organizing a challenging boxing routine, consistently working towards and achieving specific physical and performance targets.
- By teaching discipline and responsibility, manifested strong leadership and mentorship skills, effectively guiding others to prioritize and adhere to high standards
- Instilled philosophies that reflect a positive mental attitude and taught discipline and responsibility to students,encouraging motivation, discipline, and confidence
